Description:

This case arose in 2000 out of criminal judicial misconduct and fraud under the colour of law and in conspiracy between certain state court judges and other parties perpetrating the said crimes against AHS and his two children. In addition to various criminal injuries upon AHS and his children, the said crimes also caused infliction of abuse, with the knowledge and aiding and abetting of the said judges, upon the children in question.

Since 2001, AHS, as pro se, has resorted to various state and federal court remedies which also included law suits against the said state judges filed in federal courts. In one case, the state Attorney General represented the state judge in federal court. However, due to the complicity to cover up judicial and official crimes under the colour of law these suits were dismissed on mere, and questionable, technicalities without prejudice and without consideration of the merits of the cases.

Affirmation:

I, AHS, do, under penalty for perjury, hereby confirm that I am personally aware of the above and the statements contained herein are true to the best of my knowledge.
